Extension: Rules 17Ad-22- Clearing Agency Standards and Governance

SEC File No. 270-646, OMB Control No. 3235-0695

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 et seq.), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rules 17Ad-22 under the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

i. Standards for Clearing Agencies

a. Measurement and Management of Credit Exposures

Rule 17Ad-22(b)(1) would require a clearing agency that provides CCP services to establish, implement, maintain and enforce written policies and procedures reasonably designed to measure its credit exposures to its participants at least once each day, and limit its exposures to potential losses from defaults by its participants in normal market conditions so that the operations of the clearing agency would not be disrupted and non-defaulting participants would not be exposed to losses that they cannot anticipate or control. The purpose of the collection of information is to enable the clearing agency to monitor and limit its exposures to its participants.

b. Margin Requirements

Rule 17Ad-22(b)(2) would require a clearing agency that provides CCP services to establish, implement, maintain and enforce written policies and procedures reasonably designed to: (i) use margin requirements to limit its credit exposures to participants in normal market conditions; (ii) use risk-based

models and parameters to set margin requirements; and (iii) review the models and parameters at least monthly. The purpose of the collection of information is to enable the clearing agency to maintain sufficient collateral or margin.

c. Financial Resources

Rule 17Ad-22(b)(3) would require a clearing agency that provides CCP services to establish, implement, maintain and enforce written policies and procedures reasonably designed to maintain sufficient financial resources to withstand, at a minimum, a default by the participant family to which it has the largest exposure in extreme but plausible market conditions, provided that a registered clearing agency acting as a central counterparty for security-based swaps shall maintain additional financial resources sufficient to withstand, at a minimum, a default by the two participant families to which it has the largest exposures in extreme but plausible market conditions, in its capacity as a central counterparty for security-based swaps. The purpose of the collection of information is to enable the clearing agency to satisfy all of its settlement obligations in the event of a participant default.

d. Model Validation

Rule 17Ad-22(b)(4) would require a clearing agency that provides CCP services to establish, implement, maintain and enforce written policies and procedures reasonably designed to provide for an annual model validation consisting of evaluating the performance of the clearing agency's margin models and the related parameters and assumptions associated with such models by a qualified person who is free from influence from the persons responsible for the development or operation of the models being validated. The purpose of the collection of information is to enable the clearing agency to obtain an assessment of its margin model by a qualified, independent person.

e. Non-Dealer Access

Rule 17Ad-22(b)(5) would require a clearing agency that provides CCP services to establish, implement, maintain and enforce written policies and procedures reasonably designed to provide the opportunity for a person that does not perform any dealer or security-based swap dealer services to obtain membership at the clearing agency to clear securities for itself or on behalf of other persons. The purpose

of the collection of information is to enable more market participants to obtain indirect access to clearing agencies.

f. Portfolio Size and Transaction Volume Restrictions

Rule 17Ad-22(b)(6) would require a clearing agency that provides CCP services to establish, implement, maintain and enforce written policies and procedures reasonably designed to have membership standards that do not require that participants maintain a portfolio of any minimum size or that participants maintain a minimum transaction volume. The purpose of the collection of information is to remove unnecessary barriers to participation in clearing agencies that provide CCP services.

g. Net Capital Restrictions

Rule 17Ad-22(b)(7) would require a clearing agency that provides CCP services to establish, implement, maintain and enforce written policies and procedures reasonably designed to provide a person that maintains net capital equal to or greater than \$50 million with the ability to obtain membership at the clearing agency, provided that such persons are able to comply with other reasonable membership standards, with any net capital requirements being scalable so that they are proportional to the risks posed by the participant's activities to the clearing agency. The rule also permits a clearing agency to provide for a higher net capital requirement (i.e., higher than \$50 million) as a condition for membership at the clearing agency if the clearing agency demonstrates to the Commission that such a requirement is necessary to mitigate risks that could not otherwise be effectively managed by other measures, such as scalable limitations on the transactions that the participants may clear through the clearing agency, and the Commission approves the higher net capital requirement as part of a rule filing or clearing agency registration application. The purpose of the collection of information is to remove unnecessary barriers to clearing access by market participants with a net capital level above \$50 million, while at the same time facilitating sound risk management practices by clearing agencies by encouraging them to examine and articulate the benefits that higher net capital requirements would create through having clearing agencies develop scalable membership standards that links the activities any participants could potentially engage in with the potential risks posed by the participant.

h. Record of Financial Resources

Rule 17Ad-22(c)(1) would require that each fiscal quarter (based on calculations made as of the last business day of the clearing agency's fiscal quarter), or at any time upon Commission request, a clearing agency that performs CCP services shall calculate and maintain a record of the financial resources necessary to meet the requirement in Rule 17Ad-22(b)(3) and sufficient documentation to explain the methodology it uses to compute such financial resource requirement. The purpose of the collection of information is to enable the Commission to monitor the financial resources of clearing agencies that provide CCP services.

i. Annual Audited Financial Statements

Rule 17Ad-22(c)(2) would require a clearing agency to post on its website an annual audited financial statement that must (i) be a complete set of financial statements of the clearing agency for the most recent two fiscal years of the clearing agency and be prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"), except that for a clearing agency that is a corporation or other organization incorporated or organized under the laws of any foreign country, the financial statements may be prepared according to U.S. GAAP or International Financial Reporting Standards as issued by the International Accounting Standards Board ("IFRS"); (ii) be audited in accordance with standards of the Public Company Accounting Oversight Board by a registered public accounting firm that is qualified and independent in accordance with Rule 2-01 of Regulation S-X (17 CFR 210.2-01); and (iii) include a report of the registered public accounting firm that complies with paragraphs (a) through (d) of Rule 2-02 of Regulation S-X (17 CFR 210.2-02). The purpose of the collection of information is to enable the Commission to monitor the financial resources of clearing agencies that provide CCP services.

j. Transparent and Enforceable Rules and Procedures

Rule 17Ad-22(d)(1) would require clearing agencies to establish, implement, maintain and enforce written policies and procedures reasonably designed to provide for a well-founded, transparent, and enforceable legal framework for each aspect of their activities in all relevant jurisdictions. The

purpose of the collection of information is to help ensure that clearing agencies' policies and procedures do not cause confusion or legal uncertainty among their participants because they are unclear, incomplete or conflict with other applicable laws or judicial precedent.

The Commission believes that 10 registered clearing agencies will incur a total burden of approximately 8,029 hours annually.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Pamela Dyson, Director/Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE, Washington DC 20549, or send an e-mail to: [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov).

Dated: December 2, 2015.

Robert W. Errett,  
Deputy Secretary.
